Galapagos Itinerary

Days aboard the **M/V Humboldt Explorer** generally involve a 6:30 a.m. dive followed by breakfast, a dive at 9:30, lunch at 12:00, and afternoon dives at 1:30 and 4:00 p.m. Dinner is served at approximately 7:00 p.m. Under current National Parks guidelines, no night dives are allowed by any vessels within the Galapagos National Park.

Please note that this itinerary is an example only, and will change depending on local regulation, weather and logistics at the Captain's discretion. Currently, each week the itinerary includes the same islands. The number of dives and the dive sites may vary depending on sea conditions, crossing times and currents. The order of the island visits, however, is dictated by the Galapagos National Park and may vary weekly.
